

My name is Desmond Ford and I have lived on the southern Fleurieu for the past 5 years. For 3 years at Delamere where I managed Whistling Pig Farm, producing ethically raised pork from heritage Wessex Saddleback Pigs. I was an active member of the Cape Jervis Community Market, President of the Fleurieu West Business Association and Deputy Chair of the Normanville Natural Resource Centre. I have completed my Permaculture Design Certificate with The Food Forest. Having reduced my paid work, I am now concentrating on our 1/2 acre productive garden and getting involved in local activities including the Fleurieu Refugee Support Group and Festival Fleurieu.
