

Parliament of South Australia
ENVIRONMENT RESOURCES AND DEVELOPMENT COMMITTEE
**INQUIRY INTO PER- AND POLYFLUOROALKYL SUBSTANCES (PFAS)
CONTAMINATED WASTE DISPOSAL**

Terms of Reference

On Tuesday, 4 May 2021, the House of Assembly of the South Australian Parliament passed a motion requesting the Environment, Resources and Development Committee investigate and report on the appropriate and safe disposal of per- and polyfluoroalkyl substance (PFAS) contaminated waste in South Australia, and in particular:

- (a) criteria for disposal of PFAS contaminated waste;
- (b) criteria for site selection (landfill engineering);
- (c) consequences of not having an appropriate pathway for PFAS contaminated waste disposal, including reference to case studies; and
- (d) any other related matters.

Further information about the Committee and the inquiry can be found on the Committee's website

<https://www.parliament.sa.gov.au/en/Committees/Committees-Detail>

Submissions in writing should be received no later than **Wednesday 6 October 2021**.

All submissions will be publicly available unless otherwise decided by the Committee.

Please call our staff or access the website for further information about how to make a submission. Submissions can be emailed to:
